

St Mungo's High School

Study Support Sessions 2018 **

Pupils should make their way to the named department by the time indicated on the timetable below. Times may be subject to change and pupils should check with the appropriate class teacher that each session is running. If attending study support sessions after school, pupils should ensure that they can get home safely. Please inform parents/carers if you are attending any study support sessions.

Some teachers might ask pupils to attend a particular session (to consolidate class learning) and we would advise them to do so. Parental support would be appreciated.
