RESOURCES TO SUPPORT ONLINE LEARNING AT HOME

Dear parent/carer or student,
 Further to Mr Phee's letter, the school's advice is for students to follow their school timetable as much as possible, however if this is not possible, organise a routine that suits your home circumstances. Subject teachers continue to engage with students through live or recorded lessons, powerpoints with voiceover, setting work, 1:1 dialogue on TEAMS or being available at set times. Subject teachers should continue to be the first line of contact in relation to work given.
 To support online learning, we have compiled a list of national resources that teachers may make reference to.
