Falkirk Council

Falkirk Child Protection Committee

It's Still Everyone's Job to protect Falkirk's Children

At this time, when schools are no longer able to play such a central role in protecting children and young people, the role of communities is even more important.

If you have a concern for a child, it's much better to say something than do nothing.

If you're worried please don't hesitate to contact social work services on 01324 506070 during the day Monday to Friday or 01786 470500 after 5.00pm and at weekends.

If you are concerned a child is at immediate risk of harm call Police Scotland on 999.
