

# St. Mungo's Communication Strategy during School Closure

During the school closure, we will communicate with families, students and staff using different methods:

## WEBSITE

The school website will contain information to support families and pupils during the school closure. All communication will be placed here.

## TWITTER

School, community and council updates will be tweeted on St. Mungo's twitter account. Individual subjects may also tweet from their accounts.

## SCHOOL APP

Any update that's relevant to families and pupils will be put on the School App. If applicable, documents will be filed in the relevant section.

## GROUPCALL

Groupcall (email) will be sent to communicate school business with attachments. Important updates will be sent by text message.

## TEAMS

Student work will be in a class or Year TEAM group. Alerts will be accessible in the chat section. Work will be posted in ASSIGNMENTS.

Please note we cannot guarantee that the phone lines will be manned at all times
