

THE LEARNING PIT

St Mungo's High School

THIS IS WHAT LEARNING LOOKS/FEELS LIKE

HAVE YOU EVER FELT STUCK WITH A SUBJECT OR TOPIC?

Do you look at being stuck as an opportunity to grow (after you get passed the frustrated stage), or do you let your head go down meaning that it might become a bigger issue?

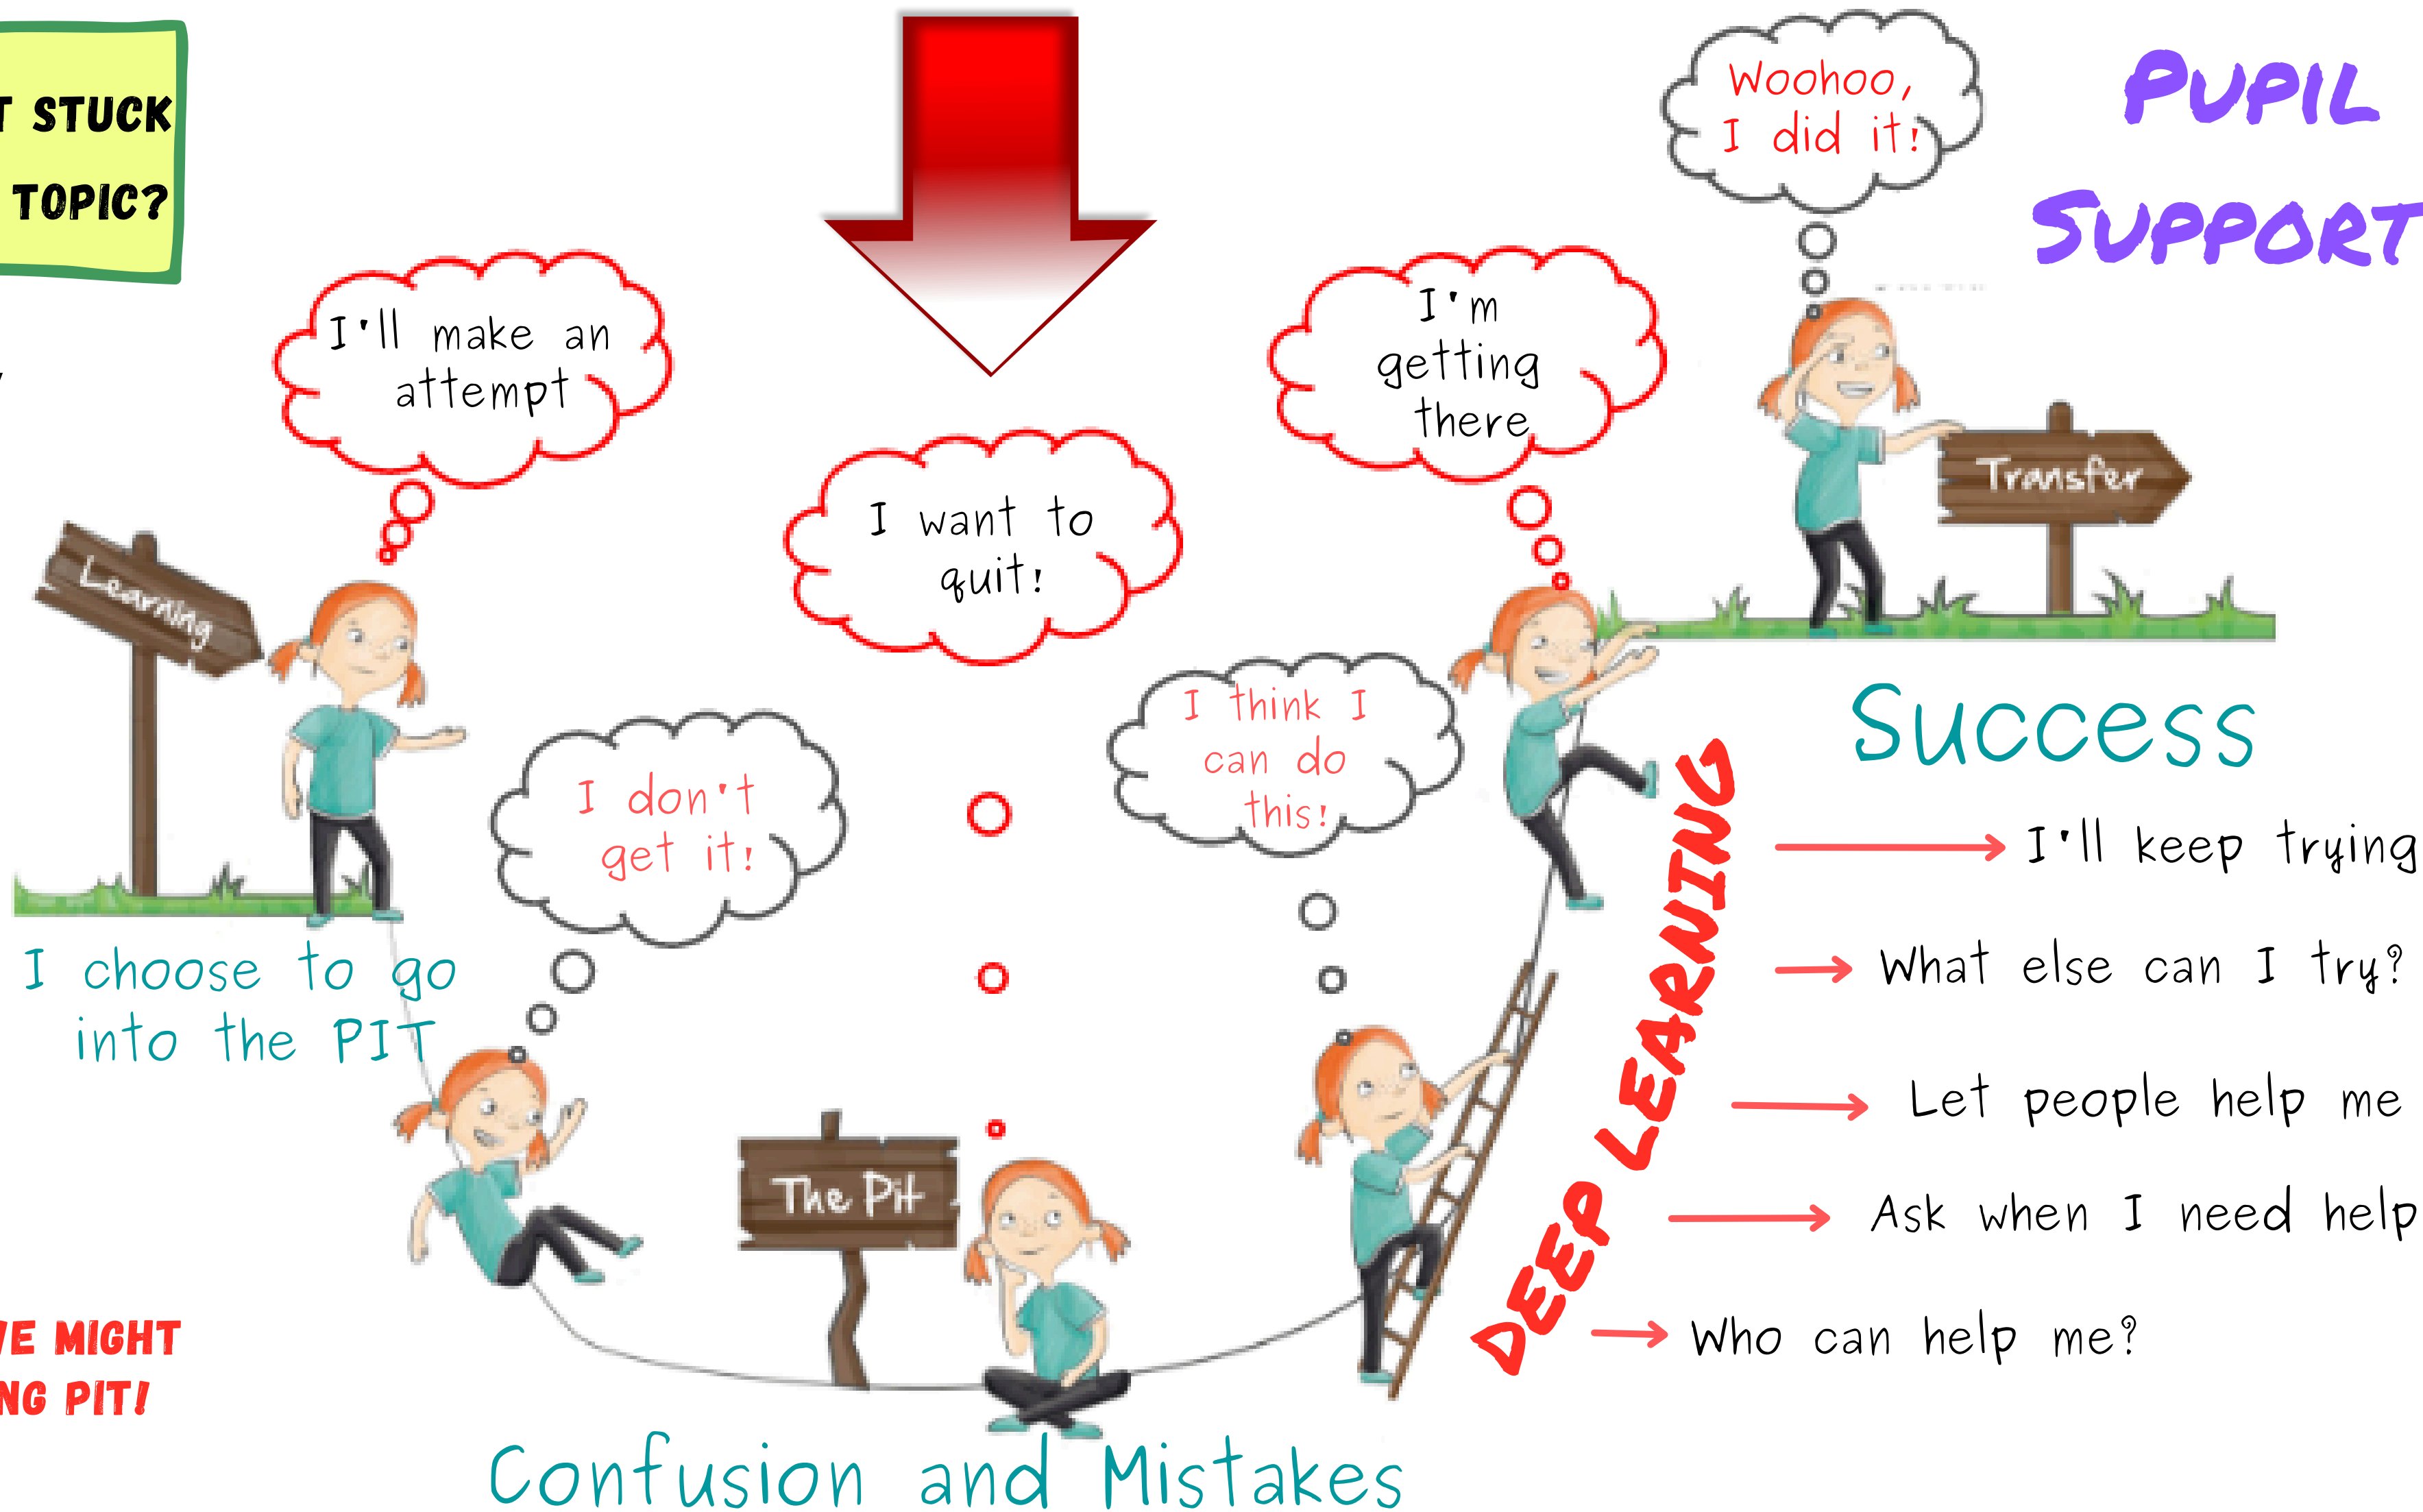

We actually learn a lot about ourselves when learning doesn't come easy and we build **RESILIENCE**.

Resilience is something we all need to get through those tough moments in life

WITHOUT RESILIENCE, WE MIGHT STAY IN THE LEARNING PIT!
